THE BON SECOURS HEALTH SYSTEM, INC. MILLION NURSE GLOBAL FIELD PROJECT STATEMENT

The Million Nurse Global Caring Field Project is consistent with the remarkable history and nursing ministry of the Sisters of Bon Secours. This international congregation of women religious was founded to care for the sick and dying over 185 years ago. For almost two centuries, they have been bringing compassion, healing and liberation to those in need. The Million Nurse Global Caring Field Project invites others to engage in these same core beliefs and universal values of nursing practice- caring for patients, residents and their families. This momentum opens other's heart and minds to serve as a liberating global force for humankind's world wide efforts for world healing, world peace, and universal love. The practice of loving kindness to one another extends beyond those we serve or health care practices. Caritas, is Caring and Love, the universal intentional life force that sustains humanity and the human spirit.
